MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Warrior Tasks and Battle Drills Implementation Plan

1. References:

a. Memorandum, TRADOC, 29 Oct 04, subject: Identification of the Warrior Tasks and Battle Drills.

b. Memorandum, TRADOC, 29 Oct 04, subject: Update the Basic Combat Training (BCT) Program of Instruction (POI) to Incorporate the Warrior Tasks and Battle Drills.

c. Memorandum, TRADOC, 29 Oct 04, subject: Update the One Station Unit Training (OSUT) Program of Instruction (POI) to Incorporate the Warrior Tasks and Battle Drills.

d. Memorandum, TRADOC, 29 Oct 04, subject: Update the Advanced Individual Training (AIT) Program of Instruction (POI) to Incorporate the Warrior Tasks and Battle Drills.

e. TRADOC Regulation 350-70: Systems Approach to Training, Management, Processes, and Products, 9 Mar 99.

f. Memorandum, TRADOC (ATTG-PM), 6 Dec 04, Course Growth Policies and Timelines for Fiscal Year (FY) 08.09 Structure Manning Decision Review (SMDR)

2. Purpose: To provide implementation guidance for the Warrior Tasks and Battle Drills.

3. General:

a. Warrior Tasks and Battle Drills will increase relevance of training to current combat requirements and enhance rigor in Initial Entry Training (IET). The driving force of change was lessons learned from Operation Iraqi Freedom and Operation Enduring Freedom.

b. TRADOC designed the Warrior Tasks and Battle Drills to increase relevance and rigor in IET. CG, TRADOC, approved the Warrior Tasks and Battle Drills incorporation into IET in

ATTG-IT

SUBJECT: Warrior Tasks and Battle Drills Implementation Plan

Aug 04. DCSOPS&T assumed responsibility for implementing the Warrior Tasks and Battle Drills on 27 Oct 04. DCSOPS&T tasked the Proponent Schools to update Programs of Instruction incorporating the Warrior Tasks and Battle Drills. The BCT POI Proponent, Fort Benning, updated the BCT POI Nov 04.

c. Individual Training Directorate (ITD) developed a web-based system to track POI updates, Warrior Tasks and Battle Drills training status, and resource shortfalls.

d. The Warrior Tasks and Battle Drills list is enclosed.

e. The execution standards and timelines for Warrior Tasks and Battle Drills within IET are below:

(1) BCT/OSUT course length will not change.

(2) DCSOPS&T is the approval authority for any requests for AIT course length increases IAW Ref 1f.

(3) Basic Combat Training (BCT). Execute all Warrior Tasks and Battle Drills. Execute a Convoy Live Fire Exercise IAW the Convoy Live Fire Exercise Training Support Package (TSP) to be published NLT 1 Mar 05.

(4) One Station Unit Training (OSUT). Update applicable Programs of Instruction (POI) and identify resources NLT 15 Dec 04 in order to execute all Warrior Tasks and Battle Drills. Execute a Convoy Live Fire Exercise IAW the Convoy Live Fire Exercise TSP to be published NLT 1 Mar 05.

(5) Advanced Individual Training (AIT).

(a) AIT guidance applies to all AIT and ITRO courses.

(b) All AIT training sites will conduct Combatives, Convoy Training and Urban Operations Training.

(c) All AIT sites, with AIT course length greater than six weeks, will qualify with their assigned weapon (Rifle Marksmanship TSP to be published NLT 21 Jan 05).

ATTG-IT

SUBJECT: Warrior Tasks and Battle Drills Implementation Plan

(d) Transportation, Quartermaster, and Ordnance AITs will conduct a Convoy Live Fire Exercise.

(e) The Convoy Live Fire Exercise for other AITs is not mandated. Commandants will determine the execution methodology either to conduct a Convoy Live Fire Exercise or non-live fire Convoy Training Exercise (i.e., MILES, blanks, Virtual Training and/or Laser Convoy Counter Ambush Training System (L-CCATS). Priority of resources for Convoy Live Fire Training remains with the Transportation, Quartermaster, and Ordnance AITs. The Convoy Training Exercise (non-live fire event) will mirror the Convoy Live Fire Exercise except no live rounds are used. The Convoy Live Fire Exercise TSP will be published NLT 1 Mar 05 and provides the basis for planning and executing a Convoy Training Exercise (non-live fire event).

(f) Proponent School Commandants and Commanders will determine any additional Warrior Tasks and Battle Drills trained for specific MOSSs including ITRO MOSSs.

(g) Commandants will update POIs and identify resources for AITs training less than twenty-three weeks NLT 15 Dec 04.

(h) Commandants will update POIs and identify resources for all ITRO sites and other AITs training greater than twenty-three weeks NLT 1 Feb 05.

4. Responsibilities:

a. TRADOC, DCSOPS&T.

(1) Individual Training Directorate, Initial Entry Training Division.

(a) Assigned Executive Agent for ODCSOPS&T for implementation of the Warrior Tasks and Battle Drills.

(b) Conduct Warrior Tasks back brief to the ADCST as required.

(c) Maintain web-based Warrior Tasks and Battle Drills tracking spreadsheets.

(2) Training Operation Management Activity (TOMA).

ATTG-IT

SUBJECT: Warrior Tasks and Battle Drills Implementation Plan

(a) Validate changes to all Course Administrative Data and POIs if required.

(b) Submit IET Course Requirements to the SMDR process.

(c) Coordinate the Analysis of Change Cell requirements for submission to HQDA.

(d) Coordinate the development of training facility requirements with schools as the DCST lead in coordination with DCSPIL to include MILCON and OMA renovations.

(e) Develop and coordinate IET scheduling changes.

(f) Provide ITD a weekly update on all submitted IET POIs.

(g) Validate equipment requests for submitted POI revisions including any Training Aides, Devices, Simulators and Simulations.

(h) Access the web-based Warrior Tasks and Battle Drills tracking spreadsheets for appropriate data as required.

(3) Army Training Support Center (ATSC), TRADOC Range Program Manager.

(a) Assist effected Installation Range Managers in producing a Range Development Plan to support enhanced POI requirements; Update and modify the TRADOC Live Fire Training Investment Strategy as needed.

(b) Assess additional range requirements and provide a cost analysis and recommendations for funding.

(c) Access the web-based Warrior Tasks and Battle Drills tracking spreadsheets for appropriate data as required.

b. TRADOC, DCSRM.

(1) Lead for integration across all aspects of resourcing (funding, manpower, equipment).

ATTG-IT

SUBJECT: Warrior Tasks and Battle Drills Implementation Plan

(2) In coordination with DCSOPS&T, review and validate one time funding requirements identified in the M&R data base for submission to DA.

(3) Participate in the submission of Warrior Tasks and Battle Drills course additions to the SMDR process.

(4) Coordinate with Installation Management Agency (IMA) to ensure BASOPS validated impacts are forwarded to DA.

(5) Validate resource requirements identified in POI.

(6) Access the web-based Warrior Tasks and Battle Drills tracking spreadsheets for appropriate data as required.

c. TRADOC, DCSPIL.

(1) Engineer:

(a) In coordination with IMA, conduct a MACOM cost review of installation MILCON, OMA renovation requirements, and furnishings.

(b) Ensure POI timelines reflect MILCON programming lead times except for range MILCON requirements which will be validated and programmed by ATSC.

(c) In coordination with IMA, conduct a MACOM Review of any NEPA requirements/documents generated by the installations.

(2) Adjutant General: Fill and monitor personnel strength.

(3) Logistics:

(a) Coordinate authorized equipment fill requirements of Warrior Tasks and Battle Drills with ASA (ALT), HQDA, and Army Materiel Command.

(b) Coordinate and track additional equipment acquisition for IET.

(c) Perform MACOM supply and equipment management functions to support established TDA.

ATTG-IT

SUBJECT: Warrior Tasks and Battle Drills Implementation Plan

(d) Access the web-based Warrior Tasks and Battle Drills tracking spreadsheets for appropriate data as required.

d. TRADOC, Congressional Activities Office.

(1) Monitor and report known or possible political sensitivities and congressional items of interest.

(2) Provide assistance and advice in handling congressional actions.

e. USAAC. Provide oversight in the execution of training at each IET location.

f. TRADOC Proponent Schools.

(1) Forward all POIs to TRADOC, DCSOPS&T, Training Operation Management Activity (TOMA) for staffing and approval. Proponents will ensure Warrior Tasks and Battle Drills either mandated or selected for training are included in updated POIs.

(2) Ensure Training Support Packages (TSP) accurately reflect resource requirements.

(3) Update POIs, identify resources, and populate the web-based system concurrently, refining data as necessary. As a minimum, Proponents will update the web-based spreadsheet by the 15th of every month. Any resource shortfalls must be coordinated through each school/activity DRM and identified in the Missions & Resource database (M&R).

(4) Track POIs through the TRADOC system. Requisition and track any resource shortfalls.

(5) Be prepared to provide data quarterly for the Research and Analysis (R&A) brief to CG, TRADOC.

g. United States Army Infantry School, Fort Benning.

(1) Execute responsibility as Training Proponent of the Warrior and Battle Drills and update BCT POI.

ATTG-IT

SUBJECT: Warrior Tasks and Battle Drills Implementation Plan

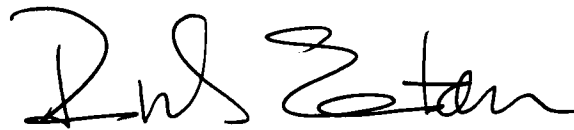

(2) Provide a Rifle Marksmanship strategy for AIT to ODSCOPS&T, ITD Tasks -IET NLT 17 Jan 05.

(3) Provide a Rifle Marksmanship TSP to be published NLT 21 Jan 05.

h. Combined Arms Support Command (CASCOC). Provide a TSP for a Convoy Live Fire Exercise NLT 1 Mar 05.

8. Point of contact is MAJ Brian W. Williams, brian.w.williams@monroe.army.mil, 757-788-5934.

Warrior Tasks and Battle Drills List

Warrior Tasks cont.

- (35) Maintain equipment (Train)
- (36) Evaluate a casualty (Train)
- (37) Perform first aid for open wound (abdominal, chest, & head) (Train)
- (38) Perform first aid for bleeding of extremity (Train)
- (39) Select a temporary fighting position (Train)

Battle Drills

- (1) React to contact (visual, IED, direct fire {includes RPG}) (Train)
- (2) React to an ambush (blocked) (Familiarize)
- (3) React to an ambush (unblocked) (Familiarize)
- (4) React to indirect fire (Train)
- (5) React to chemical attack (Train)
- (6) Break contact (Train)
- (7) Dismount a vehicle (Familiarize)
- (8) Evacuate injured personnel from a vehicle (Familiarize)
- (9) Secure at a halt (Train)
